SUMMARY

Passionate **Software Developer** with **4+ years** of experience in designing, developing, and optimizing scalable web applications. Specializing in **ReactJS, Next.js, and Node.js**, I excel in **frontend development, API integration,** and **performance optimization**. Adept at managing **multiple projects**, collaborating with **cross-functional teams**, and ensuring **high-quality code**. I am committed to continuous learning and staying updated with emerging **web technologies** to build innovative and user-centric solutions. I pride myself on delivering high-quality solutions while managing multiple projects.

EXPERIENCE

Software Developer

Humane Business Intelligence Technology Solutions Pvt. Ltd.

📅 01/2022 - Present   📍 Pune, India

- **Led the UI development** teams in features like **Alpha Copilot**, enhancing user engagement by **35%** and improving interactions.
- Integrated **Google Analytics** and **Google Tag Manager** to track **user behaviour**, including sign-ups, logins, and error tracking.
- Developed and optimized **responsive, interactive dashboards** using **Highcharts** and **AG Grid**, ensuring seamless **data visualisation**.
- Embedded **Amazon QuickSight SDK** for **real-time analytics dashboards**, enabling users to derive insights efficiently.
- Designed and built the **UI for the HealthTech Alpha Free Website** using **Next.js**, focusing on **performance, SEO, and responsiveness**.

Junior Web Developer

Diginnovators Solutions Private Limited

📅 10/2020 - 01/2022   📍 Bengaluru, India

- Developed **Customer 360 & Health Score** features and built **onboarding and profile editing pages** using **HTML, CSS, SCSS, and Bootstrap**.
- Built and implemented robust APIs and dynamic real-time features with **Node.js**, **Express.js**, **MongoDB**, and **Socket.io** to enhance system interactivity for mobile application.
- Implemented **real-time chat, profile matching, and pricing plan APIs** using **Node.js, MongoDB, and Socket.io**.
- Integrated **Zoho CRM** for **streamlining administrative tasks**, and improving efficiency in managing client interactions.
- Improved **page load speeds** by implementing **Webpack optimizations**, reducing build compilation time and deployment delays.
- Collaborated with the QA team to ensure **bug-free releases,** Worked closely with **backend developers, data analysts, and designers** to align frontend and backend functionalities.

EDUCATION

Bachelor of Science in Computer Science

Mumbai University

📅 08/2015 - 04/2018   📍 Mumbai

TRAINING / COURSES

Web Development Bootcamp

Web Development Bootcamp

PROJECTS

The Global Solution: Interactive Responsive Website

📅 2020

- Created a **dynamic website** for an educational institute in **Thane** to improve accessibility and data management.
- Integrated **Firebase** for **real-time data updates and storage**. *Click here to view.*

SKILLS

Frontend

ReactJS, Next.js, Redux, JavaScript (ES6+), HTML5, CSS3, SCSS, Tailwind, Bootstrap

Backend

NodeJS, ExpressJS, MongoDB, NoSQL, MySQL, Firebase

Tools & Frameworks

Webpack, GitHub, Git, Amazon QuickSight, Highcharts, Google Analytics, Google Tag Manager, Socket.io

APIs

REST APIs, Firebase APIs, Payment Gateway Integration

STRENGTHS

💡 **Problem-Solving Skills**

Strong analytical skills for identifying and resolving technical challenges efficiently.

⚡ **Adaptability**

Quick learner, always staying updated with the latest **web development trends**

INTERESTS

🚶 **Travel & Fitness**
